Coaching and
Mentoring

COURSE LENGTH: 1.0 DAYS

Coaching and mentoring employees in New Zealand helps to boost productivity, creates a healthier work environment, ensures smooth functioning of business processes and improves moral. As human resources are the key in any organisation, it is important to coach and mentor them appropriately to reduce attrition and improve staff retention.

The PD Training Coaching and Mentoring Training Course provides you with a deep understanding and the skills required to properly implement important mentoring techniques such as goal setting, developing career options, overcoming personal obstacles, building trust, giving critical feedback and more.

Attend a Coaching and Mentoring training class today, or have a trainer come to your workplace in Auckland, Christchurch or Wellington or throughout New Zealand.

COACHING AND MENTORING TRAINING COURSE OUTLINE

FOREWORD

In today's environment of changing technology and evolving organisations in New Zealand, coaching and mentoring programs can create a strong competitive advantage. They provide continuous learning and develop people to meet current and future needs. Business mentoring and coaching is an investment that you make in developing your key resource - people - for the long-term benefit of the organisation.

About 6 out of 10 organisations currently offer coaching or other developmental counselling to their managers and executives, according to a nationwide survey of more than 300 companies conducted by Manchester, a human capital consulting firm. Another 20% of organisations said they plan to offer such coaching programs within the next 12 months.

Productivity improves when managers can develop strong relationships with their employees. Executive coaching builds the capability of managers to help their employees with the intangible elements of human relationships. This Coaching and Mentoring Training program will help you turn performance management into a collaborative process that benefits everyone.

OUTCOMES

In this course participants will:

- Understand the G.R.O.W. model and apply it
