CONFLICT RESOLUTION TRAINING - ONLINE INSTRUCTOR-LED 3HOURS COURSE OUTLINE

FOREWORD

Conflict is the result of people having differing needs, opinions, expectations and often completely different individual perspectives. The reality of conflict is that in any human relationship it is inevitable, but if managed well, conflict can provide a powerful avenue for significant personal and professional growth. Conflict resolution involves recognising and managing a particular conflict as well as being aware of potential upcoming conflicts. This is an essential part of nurturing your relationships. Poorly handled conflict can affect both the employees and the clients, thereby negatively impacting the company's bottom-line. To maintain your competitive advantage, you need the entire organisation to focus on developing conflict resolution strategies to quickly and effectively resolve conflict, while building trust and commitment with clients and colleagues.
