FISH TRAIN THE TRAINER COURSE OUTLINE

FOREWORD

FISH! Train the Trainer is a two-day workshop that shows you how to apply The FISH! Philosophy to build a highly effective organisational culture. By allowing your trainers to attend the course, you will have an effective means to begin the process of developing a high-performance culture in your teams and workplace.

OUTCOMES

By the end of this course, participants will:

- Give your trainers the tools and techniques for creating culture change company-wide.
 - Gain a working understanding of the importance of culture and see the impact and business results that a high-performing organisational culture can achieve.
 - Understand how the FISH! Philosophy can be incorporated into your culture as a means for creating enhanced employee engagement, better team cohesion, greater employee satisfaction, and overall better business results.
 - Learn a strategic approach to incorporate the FISH! Philosophy and training program with your current mission, vision, values and culture.
 - Learn to develop a culture change plan for incorporating the FISH! Philosophy into your organisation.
 - Reflect and learn about the role of a leader in sustaining healthy cultures.
-
