**COURSE LENGTH: 1.0 DAYS**

Microsoft PowerPoint is a powerful presentation software developed by Microsoft. It is a standard component of the company's Microsoft Office suite software and is bundled together with Word, Excel and other office productivity tools. The program uses slides to convey information rich in multimedia. The term slide refers to the old slide projector, which this software effectively replaces.

This hands-on training workshop is available now throughout New Zealand, including Auckland, Wellington, Christchurch and also via instructor-led online training.
