MICROSOFT OFFICE 365 OUTLOOK ESSENTIALS TRAINING COURSE OUTLINE

FOREWORD

In this Outlook 365 Essentials course, participants will learn new features of this web application that offers the ability to access and write e-mails from any computer that has WiFi and a browser. The basics of creating and working with e-mails will also be taught. At the completion of this course, users of this software will be able to proficiently move around the interface to create e-mails, appointments, and tasks. Knowledge of organisation capabilities will advance with the ability to group related e-mails and data into folders. Users will also customise their profile with a signature and formatting options.

The Office 365 experience is designed to render your documents and emails to look exactly like they would when printed, from nearly anywhere in the world. This tool provides its users the freedom to work from anywhere.
