

I would like to thank you all for helping me push forward to pursuing my goal of changing \$1million + lives via empowering improvement through training.

This dream has seen PD Training touch 16 countries and help us become a Leading Training organisation in 5 (with more to come)

The Ausmumpreneur award (global category) recognises all of our hard efforts for this cause. Myself and Paul could not do this without all of you so we thank you for being a part of this journey.

I will continue to further promote PD Training at all times and let the world know the good work we all do. I accept this beautiful pink trophy on behalf of all of us. Thank you xx
