1.0 DAY COURSE

Having commercial acumen is instrumental in successful decision making, recognising opportunities, creating flawless strategies, effective resource management, and accurate goal setting. Commercial Acumen for Managers Training Course provides intensive training in every internal and external activity that impact businesses, including risk management, performance analysis, identification of opportunities, problem solving, finance management, organising of data, and information evaluation.

This training course offers managers deep understanding and skill development in organizational management to enable them to achieve expertise in it.

The valuable and enriching course is now available throughout New Zealand, including Auckland, Wellington, Christchurch.

What You'll Gain:

Managing a commercial enterprise involves handling various different tasks such as human resource management, risk management, change management, evaluation, decision-making and communication. This training course helps managers to develop and polish their commercial acumen in every area of management so that they develop mastery in management. The course includes skill development in creating strategies, managing employees, identifying risks, making and evaluating decisions, managing resources, organising data, and developing financial literacy.

After participating in this course, managers will have extensive knowledge of the techniques and methods used for developing commercial acumen in the shortest time possible.
