 2.0 DAY COURSE

In the workplace in New Zealand, you will need to make decisions and resolve problems quite frequently. And while many of your decisions are not so important, some are potentially life changing. So, learning how to use effective strategies and tools will help you to make the right decisions at the right time.

The PD Training Problems Solving and Decision Making Training Course provides you with skills such as problem solving techniques and models, organising methods, ways to conduct research, and identifying options to achieve accurate decision-making and problem solving.

This highly valuable and effective training course is now available across New Zealand including Auckland, Wellington and Christchurch.

Please click on the Public Class tab below to view our Problems Solving and Decision Making Training course schedule by city or click the In-House Training tab to receive a free quote for courses delivered at your preferred location.

What You'll Gain:

Correct and timely decision-making can be done using specific techniques and enhanced knowledge of the self and situations. During this Decision Making Training Course in New Zealand, participants receive training in applying problem solving to help decision making, identify appropriate solutions, use creativity, evaluate situations and people, predict outcomes, and more.

Having a process to work through can take the anxiety out of problem-solving and make decision-making easier. That's what this two-day workshop is all about.

Outcomes

This dynamic training course is the fastest way to develop skills in effective decision making, so that goals can be reached on time every time.

After completing this course, participants will have learned to:
