## **What You'll Gain:**

The Scrum Developer Certified (SDC™) is an entry level certification for Scrum Team members and those who interact with any Scrum Team. The objective of this certification is to ensure that Agile Scrum Team members know enough about Scrum to effectively contribute to a Scrum project.

## **Outcomes**

**In this course you will:**

- Readily recognise, define, and work with the concepts, advantages, and challenges of the Agile Scrum Framework.
- Prepared to understand and function appropriately as members of Scrum Teams in their organisations and help their organizations adopt the Scrum Framework. Furthermore, students will develop an understanding of the other roles in Scrum.

- Participate in role plays, during which they carry out an Agile Scrum project.
- Gain knowledge pertaining to and the ability to anticipate issues related to the practical implementation of Scrum.
- Be armed with the proper tools to address, resolve, and take the lead on Scrum issues in their organisations.
- Be provided access to an online exam. After passing the exam, the student's certificate will be mailed to him or her.

---
